DECISION ON PETITION
TO WITHDRAW THE
HOLDING OF
ABANDONMENT

For: PROPELLER SYSTEM FOR KITE

This is a decision on Applicant's petition to withdraw the holding of abandonment, filed in the United States Patent and Trademark Office (USPTO) on July 22, 2005.

The petition is **GRANTED**.

A review of the file record reveals that a Final Rejection (herein after referred to as Office action) was mailed to applicant on December 17, 2004. Since a response was not received before the expiration of the three-month statutory period for reply, the application was held abandoned and a Notice to that effect was mailed on July 5, 2005.

Applicant's petition indicates that the Office action mailed December 13, 2004 was never received since it was mailed to the wrong address. Petitioner has submitted evidence showing the failure of the Office to mail this Office action to the correspondence address associated with this application.

The Office action of December 17, 2004 was mailed to the address

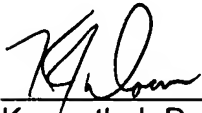

OGILVY RENAULT
1981 MCGILL COLLEGE AVENUE
SUITE 1600
MONTREAL, QC H3A2Y3
CANADA

However the correspondence address for this application is:

as filed in the Power of Attorney By Inventor(s) (Revocation of Prior Powers)
received in the Office on July 15, 2004. The Office action of July 5, 2005 should
have been mailed to this address.

The application is being forwarded to the Supervisory Legal Instruments

to pending status and redate and remail the Final Rejection to the correct
correspondence address of record.
